Studies in the Anthropology of Visual Communication

Studies is a publication of the Society. It is published two or three times a year and contains verbal and visual material describing and analyzing research in the areas of interest described under the purposes of the Society. Studies also publishes reviews of relevant books and larger review articles of groups of related books and other publications. It contains a section of correspondence and brief communication. The publication committee encourages members as well as non-members to submit written and visual materials for publication. Write to the Studies editor for additional instructions for submission.

From time to time SAVICOM will publish special publications related to the interests of its members. The following is a list of current publications:

SAVICOM Newsletter
The Society's newsletter is published three times a year. It is available free of charge to all SAVICOM members and can be subscribed to by non-members for $3.00 per year. Send subscriptions and items intended for publication to: Jay Ruby, SAVICOM, 447 E. Mt. Airy Ave., Philadelphia, PA 19119.

Handbook for Proxemic Research
Edward T. Hall, author of the Silent Language, The Hidden Dimension and other works, is allowing SAVICOM to publish this new handbook detailing his methodology for proxemic research. The Handbook includes computer programs, illustrations about the placement of cameras and observers, and an extensive bibliography. It is available to members at $3.00 per copy and to non-members and institutions at $5.00. In order to keep the price down for teachers, students and active workers in proxemic research, Hall is not accepting royalties on sales to SAVICOM members. Bookstores, teachers and others wishing to place bulk orders should write to Sol Worth for special instructions.

All others wishing to obtain copies should write directly to SAVICOM.

News, Notes, & Correspondence and Brief Communications
In addition to the section of correspondence and brief communications which appears in Studies, the Society is responsible for a section of news and notes in the Anthropology Newsletter of the American Anthropological Association. All interested persons are encouraged to contribute news of fieldwork, announcements of conferences, festivals, training opportunities and any other pertinent news and notes to Jay Ruby, News and Notes Editor, Temple University, Department of Anthropology, Philadelphia, PA 19122.

Gender Advertisements
Volume 3(2) of Studies was devoted to a full length study by Erving Goffman. This issue containing the 500 photographs of the study is available for $5.00.

INFORMATION FOR AUTHORS

STYLE. Issues of the current volume should be consulted, along with the Manual of Style of the University of Chicago Press. Major subheadings should be kept to a minimum and, where possible, roman numerals only should be used. Under no circumstances are second-level subheadings to be used. MANUSCRIPT PREPARATION. Manuscripts must be typed double-spaced (including abstract, quotations, notes and references cited) one side only on 8½ x 11 noncorrasable bond, with ample margins for editorial markings (at least one inch on all sides). Do not break words at the ends of lines. Retype any page on which complicated corrections have been made. The original and two copies must be submitted. Author should keep a copy. ABSTRACT. The text should be preceded by a 50-75 word abstract and a list of up to five headings under which the paper should be indexed. FOOTNOTES. Footnotes appear as "Notes" at the end of articles. Authors are advised to include footnote material in the text wherever possible. Notes are to be numbered consecutively throughout the paper and are to be typed on a separate sheet (double-spaced). REFERENCES. The list of references which accompanies an article should be limited to, and inclusive of, those publications actually cited in the text. References are not cited in footnotes but carried within the text in parentheses with author's last name, the year of original publication, and page, e.g., (Kroeber 1948:205). Titles and publication information on references appear as "References Cited" at the end of the article and should be listed alphabetically by author and chronologically for each author. Write out the names of journals and other publications in full. Provide complete references following the style of recent issues for form of citation, punctuation, capitalization, use of italics, etc. References cited should be typed on a separate page (double-spaced). References not presented in the style required will be returned to the author for revision. TABLES. All tabular material should be part of a separately numbered series of "Tables." Each table must be typed on a separate sheet and identified by a short descriptive title. Footnotes for tables appear at the bottom of the tables and are marked *, †, ‡, §, ¶, etc., according to standard usage. Marginal notation on manuscript should indicate approximately where tables are to appear. FIGURES. All illustrative material, drawings, maps, diagrams, and photographs should be included in a single numbered series and designated "Figures." They must be submitted in a form suitable for publication without redrawing. Drawings should be carefully done with India ink on either hard, white, smooth-surfaced board or good quality tracing paper. Photographs should be glossy prints and should be numbered on the back to key with captions. All figures should be numbered consecutively and all captions should be typed together on a separate sheet of paper (double-spaced). Marginal notations on manuscript should indicate approximately where figures are to appear. PROOFS. Galley proofs are sent to authors who are expected to check for typographic mistakes and errors in fact. No part of an article can be rewritten in galley proof. Significant new data or an absolutely necessary comment may sometimes be added as a brief footnote. All changes and addenda submitted by the author on his corrected galley proofs are suggestions only and may be disregarded at the discretion of the Editor. The corrected proofs should be returned to the Editor within 48 hours of receipt. It will be impossible to make corrections not promptly received by the Editor. REPRINTS will be supplied to authors who return with payment by the specified deadline reprint order forms mailed to them at the time of publication of the journal.
