ALUMNI AND CONTINUING EDUCATION CORNER

July 1984

Dear Colleagues:

In May, you received a letter from us describing the School's five-year fund-raising campaign. The SECOND CENTURY FUND will help improve the School's financial strength through substantial increases in endowment and student financial aid. The ALUMNI COMMITTEE has been hard at work over the past several months organizing an active year-long centennial celebration.

The Centennial Scientific Conference will be held on Monday, October 15, Tuesday, October 16 and Wednesday, October 17, 1984 at the Bellevue Stratford Hotel in Philadelphia. The Pennsylvania Veterinary Medical Association has deferred its Annual Meeting for this unique Continuing Education Program. The Conference is sponsored by the School as part of its year-long centennial celebration.
