Good Bye and Hello

A “Thank You and Best Wishes” was held on June 24 for interns and residents who had completed their training at V H U P. Missed will be the interns Dr. Kevin W. Baisonnette, Dr. David D. Cantor, Dr. Teresita Carro, Dr. Jonathan Elliott, Dr. Karen L. Gibson, Dr. David E. Holt, Dr. Jell E. Sackman, and Dr. Jane C. Schroeder.

Interns Dr. Mark A. Colone and Dr. Carlos Hodges completed the program and will be staying at V H U P in different capacities. Dr. Hodges will be a fellow, and Dr. Colone will be in orthopedic surgery.

The residents leaving are Dr. Timothy J. Lyon, Dr. Jeanne L. Garbe, Dr. Anne L. Norton, Dr. Nick Sharp, Dr. Eric deMadron, Dr. Michael T. Burrie. Three residents will be staying at Penn. Drs. Jerry R. Waddle, Bruce L. Hangen and H. Mark Saunders have been appointed lecturers.

New interns and residents began their duties on July 1.

Here are the interns at V H U P: Dr. James Jeffers (V 3rd); Dr. Frank Kearse, Tuskegee University; Dr. Claire J. Maimawing, Cambridge University; Dr. Carol L. Mehn, University of California, Davis; Dr. A. Jon Nannous, University of Thessaloniki, Greece; Dr. Cynthia M. Otto, Ohio State University;

Dr. Kimberly Ann Robertson, University of California, Davis; Dr. Richard Sielecki, University of Minnesota; Dr. Errol J. Treger, University of Pretoria.

The interns at New Bolton Center are: Dr. William Asbury (V 7th); Dr. Rene Bayha, Cornell University; Dr. Daniel Dreyfuss, University of California, Davis; Dr. Kathryn Gropp, University of Florida; Dr. Patrick McCue, University of California, Davis; Dr. David Young, University of California, Davis; Dr. Elizabeth Hauser, Purdue University.

Following are the new residents at V H U P: Dr. Melissa Foodman and Dr. Steven Carleton, medicine; Dr. K. K. Sadanaga, soft tissue surgery; Dr. Nathan L. Dykes, radiology; Dr. John C. Fyfe, genetics, pediatrics, reproduction; Dr. Robert Schick, dermatology; Dr. John Speciale, pathology; Dr. Malcolm MacDonald, emergency service; Dr. Julie Ann Petko, exotic animal; Dr. Kim N. Olson, anesthesia.

The new residents at New Bolton Center are: Dr. Kent Humfer and Dr. Joanna Reimer in medicine; Dr. Troy Ford and Dr. Janet Johnston in surgery; Dr. Philip Hunt in reproduction; Dr. Wendy Freeman in Field Service.

  - This laboratory is located in the Myrin building, Room 103, and provides a number of diagnostic services for the practitioner: isolation and identification of aerobes, fungi, salmonella, CEM (not for export purposes) organisms; microbiological evaluation of environmental, surgical, and postmortem specimens; mastitis specimens, antimicrobial susceptibility testing, direct grain stains, acid-fast and KOH (fungal)

**Some Great Ideas About Giving to the School of Veterinary Medicine**

**Idea #3: Gift Annuity**

A Gift Annuity does double duty. It helps the Veterinary School and provides a fixed annual income for yourself and/or your beneficiary. It's an arrangement that is part gift and part purchase of an annuity. You transfer cash, appreciated securities, or income-producing property to the Veterinary School in exchange for a lifetime annuity.

And if you're among the veterinary alumni who have already celebrated twenty-fifth reunions, so much the better! You'll get an even greater return from your investment... and no state or local taxes. Minimum gift required is $2,000.

For further information about this or other great ideas about planned gifts to the Veterinary School contact.

Deborah H. Blackmore  
Director of Planned Giving  
Franklin Building  
University of Pennsylvania  
Philadelphia, PA 19104-6285

**WILL, D J F E SERVICE** offers veterinary care for unwanted wild animals such as pigeons, hawks, owls, squirrels, rabbits and groundhogs found abandoned and injured.

Monday thru Friday, 9:00 a.m. to 4:30 p.m., call 215-898-4680. At other times, call 215-898-4685.

For additional information, call Dr. Deubel - 215-898-8882 or Mr. Stipine - 215-898-4161
