GLEANINGS FROM ACADEMIC GATHERINGS

ANNOUNCEMENTS—Walter Zenner (Anthropology, U of Albany) is organizing a panel for the Chicago meetings of the A.A.A. tentatively entitled “Culture areas, tribes and ethnic groups: Unit construction in ethnology, 1930-90.” He is also exploring the possibility of forming an interest group in the history of anthropology within the American Anthropological Association, and hopes to hold an organizing meeting at the Chicago meetings in November. Those interested may reach him at wpz76@csc.albany.edu.
