Centennial Celebration!

A As the School of Veterinary Medicine enters its Centennial year it looks back with a deep sense of pride on its achievements in education, research, and service. These accomplishments have brought the School to a position as one of the great veterinary institutions of the world. 1984 not only marks the end of a first century but also the beginning of an even brighter and more productive future for the School.

In celebration of its legacy, and in recognition of its promise, the School will sponsor a yearlong series of events. Some are planned as educational ventures for veterinarians and animal owners, others are a means to recognize individuals who have contributed greatly to the School's success, and some are strictly for pleasure.

We hope you will join us in celebration of our birthday.

Centennial Year Program

January

26-27 Pennsylvania Annual Conference for Veterinarians

The 84th Annual Conference will be held at the Franklin Plaza Hotel, Philadelphia. This is the oldest such meeting in the United States.

February

11-17 Annual Meeting of The American College of Veterinary Surgeons

The Veterinary School will host a reception on Wednesday evening, February 15 at the University Museum.

13-14 Westminster Dog Show

The School will sponsor an exhibit and will host a reception for friends of the School from the dog fancy.

DEVON DOG SHOW ASSOCIATION GIFT TO SMALL ANIMAL HOSPITAL

Dean Robert R. Marshak announced that the Small Animal Hospital has received a contribution of \$5,000 from the Devon (PA) Dog Show Association.

The gift, said Mrs. John A. Lafore, Jr., President of Devon, is one "... which we are pleased to contribute to the fine work of the Small Animal Hospital of the University of Pennsylvania School of Veterinary Medicine."

Dean Marshak noted that this gift from Devon is the largest gift the Veterinary School has ever received from a show-giving club. "It will do a great deal to help meet our need for unrestricted operating funds for the Small Animal Hospital this year. We are immensely grateful to Mrs. Lafore and her associates at Devon."

April

14 New Bolton Center Open House

This annual affair affords an opportunity for the public to become acquainted with the unique facilities and the educational, research and service activities of the rural campus.

May

19 Alumni Day

The Centennial Alumni Day will feature historical exhibits, presentation of special awards, and reunion dinners.

21 Commencement

Ceremonies for the School's Centennial Class will include the Dean's Reception for students, families and friends.

June

11-15 C. L. Davis Symposium on Pathology

The Veterinary School will host this prestigious international meeting of pathologists.

October

2 Founders Day Dinner

This date marks the founding of the School in 1884. The dinner, held in the University Museum, will provide those in attendance with a preview showing of the exhibit, *Man and Animals—Living, Working and Changing Together*. Other areas of the Museum will be open. Special awards will be presented.

4

Exhibit—University Museum: People and Animals—Living, Working and Changing Together.

Public opening of the exhibit which focuses on the domestication of the dog, cat, horse and cow.

15 Special University Convocation

In recognition of the Veterinary School's Centennial the University will confer honorary degrees. A reception will follow the ceremony.

15-17 Centennial Scientific Meeting

An international array of speakers will discuss a wide range of topics in both basic science and clinical medicine.

16 Centennial Birthday Party

An informal party for faculty, students, alumni and friends to be held in a unique setting—the First Cavalry Armory in Philadelphia. There will be food, music, and dancing.

November

6-9 Sixth International Conference of the Cardiovascular Dynamics Society

The Veterinary School will host this outstanding meeting of scientists working in the field of cardiovascular dynamics.

16-19 American Kennel Club 100th Anniversary Meeting Dog and Show

The Veterinary School will join the AKC in celebrating joint anniversaries. The School will sponsor a reception and will provide a Hospitality Suite at the AKC Show

ANIMAL PROFILE

TWIN "TEST TUBE" CALVES

In 1981 we reported on the birth of Virgil, the world's first "test tube" calf at New Bolton Center. Happy tidings are again in order. On Labor Day, (no pun intended), 1983, the world's first twin calves born from *in vitro* fertilization were delivered at the Pennstar Embryo Transfer Clinic, Lancaster County, Pennsylvania. The calves, known as Penn's Pride and Quintus, were conceived in the laboratory of Dr. Benjamin G. Brackett at New Bolton Center. Dr. Brackett is professor of animal reproduction and is an international authority on *in vitro* fertilization. The births resulted from a collaborative effort between Dr. Brackett, the Atlantic Breeders Cooperative, and Dr. Carl Troop who was attending veterinarian.
