II. Hudson's Bay Company Archives Research Centre

Professor Jennifer Brown, of the University of Winnipeg, informs us of the establishment of a Research Centre to assist scholars visiting the Hudson's Bay Company Archives. The Centre will open officially with a colloquium on May 28-29, 1984. The archives contain a wealth of information on the native peoples of Canada and on changing European views of these peoples, with many implications for the history of anthropology. Any scholar visiting the Hudson's Bay Company Archives with these interests in mind should contact Professor Brown, Department of History, University of Winnipeg, 515 Portage Avenue, Winnipeg, Manitoba, Canada R3B 2E9.

III. Correction

As the result of a proof reading error in the description of the papers of Leslie White in our last number, the word "culturological" was misspelled. Since the substitution of "o" for the normal anthropological "a" was in fact a matter of some conceptual significance for White, we note the correction here, and offer our apologies to Beth Dillingham.
