VHUP and New Bolton Center Resources

Good Bye and Hello

A "Thank You and Best Wishes" was held on June 24 for interns and residents who had completed their training at VHUP. Missed will be the interns Dr. Kevin W. Bissonnette, Dr. David D. Canton, Dr. Teresita Carro, Dr. Jonathan Elliott, Dr. Karen L. Gibson, Dr. David E. Holt, Dr. Jill E. Sackman, and Dr. Jane C. Schroeder.

Interns Dr. Mark A. Colone and Dr. Carlos Hodges completed the program and will be staying at VHUP in different capacities. Dr. Hodges will be a fellow, and Dr. Colone will be a resident in orthopedic surgery.

The residents leaving are Dr. Timothy J. Lyon, Dr. JoAnne L. Garbe, Dr. Anne L. Norton, Dr. Nick Sharp, Dr. Eric deMadron, Dr. Michael T. Barrie. Three residents will be staying at Penn. Drs. Jerry R. Waddle, Bruce L. Hansen and H. Mark Saunders have been appointed lecturers.

New interns and residents began their duties on July 1.

Here are the interns at VHUP: Dr. James Jeffers (V'86); Dr. Frank Kears, Tuskegee University; Dr. Claire J. Mainwaring, Cambridge University; Dr. Carol L. Melton, University of California, Davis; Dr. A. Jon Nannos, University of Thessaloniki, Greece; Dr. Cynthia M. Otto, Ohio State University;

Dr. Kimberly Ann Robertson, University of California, Davis; Dr. Richard Sielicki, University of Minnesota; Dr. Errol J. Treger, University of Pretoria.

The interns at New Bolton Center are: Dr. William Asbury (V'86); Dr. Renee Bayha, Cornell University; Dr. Daniel Dreyfuss, University of California, Davis; Dr. Kathryn Gropp, University of Florida; Dr. Patrick McCue, University of California, Davis; Dr. David Young, University of California, Davis; Dr. Elizabeth Hausner, Purdue University.

Following are the new residents at VHUP: Dr. Melissa Foodman and Dr. Steven Carleton, medicine; Dr. K. K. Sadanaga, soft tissue surgery; Dr. Nathan L. Dykes, radiology; Dr. John C. Fyfe, genetics, pediatrics, reproduction; Dr. Robert Schick, dermatology; Dr. John Speciale, neurology; Dr. Malcolm MacDonald, emergency service; Dr. Julie Ann Pelto, exotic animals; Dr. Kim N. Olson, anesthesia.

The new residents at New Bolton Center are: Dr. Kent Humber and Dr. Joanna Reimer in medicine; Dr. Troy Ford and Dr. Janet Johnston in surgery; Dr. Phillip Hunt in reproduction; Dr. Wendy Freeman in Field Service.

Some Great Ideas About Giving to the School of Veterinary Medicine Idea #3: Gift Annuity

A Gift Annuity does double duty. It helps the Veterinary School and provides a fixed annual income for yourself and/or your beneficiary.

It's an arrangement that is part-gift and part-purchase of an annuity. You transfer cash, appreciated securities, or income-producing property to the Veterinary School in exchange for a lifetime annuity.

And if you're among the veterinary alumni who have already celebrated twenty-fifth reunions, so much the better! You'll get an even greater return from your investment ... and no state or local taxes.

Minimum gift required is \$2,000.

For further information about this or other great ideas about planned gifts to the Veterinary School contact:

Complete work-ups for poor racing performance can also be executed, including respiratory evaluation, submaximal exercise testing, endocrine evaluations, endoscopy, cardiology, and lameness evaluations. Work-ups can be scheduled for other days. Call (215) 898-5800, ext. 359.

Nutrition

Nutritional services for the livestock industry are offered in cooperation with referring practitioners or the New Bolton Center Field Service. Call (215) 444-5800, ext. 310.

Radiology

Radiology, Monday through Friday, 9 a.m. to 5 p.m. Only referral cases accepted. Call 444-5800, ext. 190.

Reproduction

Fertility Clinic: The Georgia and Philip Hofmann Research Center for Animal Reproduction provides fertility examinations for stallions, mares, and other large animals. Call 444-5570.

DIAGNOSTIC SERVICES

Clinical Microbiology Laboratory

This laboratory is located in the Myrin building, Room 103, and provides a number of diagnostic services for the practitioner: isolation and identification of aerobes, fungi, salmonella, CEM (not for export purposes) organisms; microbiological evaluation of environmental, surgical, and postmortem specimens; mastitis specimens; antimicrobial susceptibility testing, direct gram stains, acid-fast and KOH (fungal)

stains; preparation of bacterins, and certified EIA (Coggins) testing. Specimens should be sent directly to Microbiology, New Bolton Center. For general information and specimen and special handling procedures, call 444-5800, ext. 156, 157, or 159.

Clinical Laboratory Medicine

This laboratory provides routine hematologic, urine, and fecal analysis, Profile studies (12 separate assays) are available at reduced charges. A limited number of tests are available during evening and weekend hours. For a detailed listing of tests, fee schedule, and preferred collection system, call (215) 444-5800, ext. 250.

Large Animal Pathology Laboratory

This laboratory offers necropsy and biopsy services. Biopsies should be mailed to the laboratory. Animals for necropsy must be accepted by the duty pathologist. Call 444-5800, ext. 211.

Cooperative Poultry Diagnostic Laboratory

Monday to Friday 8:30 a.m. to 4:30 p.m. This is a University-state cooperative laboratory providing diagnostic and consultation services for poultry, game birds, and pet birds in the following areas: serology, bacteriology, virology, and pathology. Farm visits may be arranged. Call 444-4282.

Diagnostic Assistance for Herd Problems

Clinicians are available to assist and/or consult with veterinarians in the evaluation of difficult or unusual problems. For information call Dr. Robert Whitlock, 444-5800, ext. 321.

Endocrine Laboratory

Assays and consultation on reproductive, thyroid, and adrenal hormones. Call Dr. Marolo Garcia, 444-5800, ext. 202.

Cytogenetics Laboratory

Chromosome analysis. Call Ms. Lynne Klunder, 444-5800, ext. 204 or 110.

AUXILIARY SERVICES

The Large Animal Hospital has, on call, certain specialty services at the Philadelphia campus, such as dermatology, neurology, and ophthalmology. Investigators in research units at New Bolton Center, such as the Comparative Leukemia Studies Unit, are also available for consultation. For information call 444-5800.
