The Second Annual Warm Fuzzy Award

For the past several years, four local veterinary associations (Bucks-Montgomery, Keystone, Suburban, and Southern New Jersey) have cosponsored a picnic, which has provided an opportunity for practitioners to meet with the new interns and residents at Penn. This year the picnic was held at the Philadelphia Zoo (with the help of Dr. Wilbur Amand). Approximately 75 practitioners, interns, residents, and faculty members were in attendance.

The officers of these four area associations have decided, through a ballot of their members, to select one member of the VHUP staff as the recipient of the Annual WARM FUZZY AWARD. In brief, this award is presented to a member of the VHUP staff who consistently maintains good relationships and communications with referring practitioners and their clients. The award is presented at the Interns and Residents Picnic... and this year's winner is Dr. Charles D. Newton.

Parents and Partners

On Saturday, September 20, 1986, the School hosted its first Parents and Partners Day. This event is designed to help the families of first year veterinary students understand a veterinary education. The morning session included four "mini" lectures on subjects ranging from curriculum content to animal rights issues. Students and parents joined with faculty

members for lunch and then boarded buses for New Bolton Center. Dr. Robert Whitlock, Chairman, Department of Clinical Studies at New Bolton Center, and several faculty members led the 240 participants on a tour of our large animal campus. The day ended with a wine and cheese reception where members of the second, third, and fourth year class mingled with the Class of 1990 and their guests.

Dr. Stephen Schiffer presents information on the life of a first year student at the School of Veterinary Medicine.

Alumni Day—1987

Saturday, May 16, 1987, at New Bolton Center. Plans are underway for tours, carriage and hay rides, and exhibits for alumni and their family members in celebration of Alumni Day. Saturday evening, Dean Marshak and the Veterinary Medical Alumni Society will host a reception and dinner dance at the Radisson Hotel in Wilmington, Delaware.

The following class agents are working hard to make this a special day for our reunion year classes:
