Bulletin of the History of Archaeology

Over the last two decades there has been an increased interest shown by professional and avocational archaeologists alike in the history of archaeology and its methodological and theoretical development. However, there is until now no central clearing house for the exchange of ideas, or of information on current work and source materials. To meet this need, as well as to provide a forum for short essays and reports bearing on the history of archaeology, the Bulletin will begin publication in May 1991. Annual subscriptions will cost \$5.00 in the United States, \$8.00 (airmail) outside of the United States. Checks should be in U.S. dollars, made out to Bulletin of the History of Archaeology. All correspondence relating to subscriptions and editorial matters should be sent to:

Douglas R. Givens, General Editor
