W. Edward McGough Memorial Fund Established

Many friends of the late Dr. W. Edward McGough asked how they might create a lasting and living memorial at the School for this eminent psychiatrist, well-known and respected member of the Dog Fancy, and long-time member of the School's Board of Overseers. Since education was always a special priority for Ed, memorial gifts are being used to establish an endowed Dean's Scholarship in his name. In the event that gifts total less than \$50,000, the amount required to fund a Dean's Scholarship, the funds will be added to the School's general scholarship fund.

We thank those individuals and dog clubs listed below for their thoughtful gifts in Ed's memory. Additional funding is needed to create the W. Edward McGough Dean's Scholarship, and we invite other people who knew and admired Ed to make this special tribute to his memory possible.

John T. McGrath, V'43

Dr. John T. McGrath, emeritus professor of pathology at the University of Pennsylvania School of Veterinary Medicine, died Oct. 10, 1991. A world-renowned veterinary neuropathologist, Dr. McGrath served on the Veterinary School's faculty for 41 years. He was acting chairman of the department of veterinary biology (later department of pathobiology) from 1958 to 1961 when he was appointed chairman. He served in that capacity until 1963.

Dr. McGrath received his veterinary degree from Penn in 1943. He then served as captain in the Army Veterinary Corps until 1946. The following year he joined the School's faculty. In 1953 he received his board certification by the American College of Veterinary Pathologists. Dr. McGrath's research interests included epilepsy and neurologic tumors in animals and he wrote the textbook *Neurological Examination of the Dog*, a standard for examination and diagnosis of neurological disease in dogs. In addition, he published nearly fifty papers in journals and contributed chapters to other textbooks.

During his long and distinguished career, Dr. McGrath received many honors. In 1961 he was selected Veterinarian of the Year by the American Veterinary Medical Association and in 1966 he received the same honor from the American Animal Hospital Association. In 1967 he was the recipient of the Norden Teaching Award. In 1969, in recognition of his outstanding contributions to neuropathology, he was awarded an honorary veterinary degree by the

School of Veterinary Medicine, University of Turin, Italy, and in 1974 he received the Klobouk Medal from the School of Veterinary Medicine, Brno, Czechoslovakia. The Pennsylvania Veterinary Medical Association presented him its Distinguished Veterinarian Award in 1988.

Dr. McGrath, an accomplished musician, played the saxophone and the clarinet. As a young man he performed with his father's band in Wildwood and the Willow Grove amusement park. While attending veterinary school, he performed with a band at a dance hall on Walnut Street and studied his veterinary notes, taken on the back of sheet music, during intermissions. Many here at the School remember his playing at parties and get-togethers.

Dr. McGrath judged at local and national science fairs and lectured nationally and abroad. He served as a consulting veterinarian for companies such as DuPont, Merck, and SmithKline. He was a member of the AVMA, PVMA, World Federation of Neurology, International Academy of Pathologists, and the Philadelphia Neurology and Pathology Societies.

Dr. McGrath is survived by his wife, Elva C.; sons T. Timothy, Dr. J. Terrence (V'79) and J. Thomas; one brother, two sisters, and six grandchildren.

Memorial contributions can be made to the John T. McGrath Scholarship Fund, care of the University of Pennsylvania School of Veterinary Medicine.
