Faculty would not be permitted to take advantage of the School's research opportunities. The School was established in 1946.

Dean Keiser died suddenly on April 16, 1952, and was buried at Arlington Cemetery with full military honors. His stay at the Veterinary School was brief, but it pointed the way to a brighter future. Upon his death, Dr. Mark W. Altm was appointed acting dean.

The School of Veterinary Medicine closed its doors on June 30, 1982, having raised $5,970,000 in new gifts and subscriptions from the private sector. This total includes $3,391 million from individuals, and major among these were the gifts establishing the Elizabeth and William Whitney Clark Chair in Nutrition and the Grace Lansing Lamberti Chair in Cell Biology. The School also received $658,000 from corporations, $2,031 million from foundations, and $99,000 from associations.

Annual Giving received $195,941 from 761 donors, and L114 gifts to the Friends of the Small Animal Hospital totaled $64,035. Gifts totaling $41,793 from 166 donors were made to the Friends of the New Bolton Center and the Kline Center Fund.

We received grants totaling $20,000 from the Mrs. Cheever Porter Foundation for metabolic studies in medical genetics and to establish the Mrs. Cheever Porter Internship in the Small Animal Hospital. Dr. Robert Washabau, V'82, was named the first Mrs. Cheever Porter Intern.

The Dietrich Foundation awarded a grant of $3,000 to the aquatic veterinary medicine program, and the Knapp Foundation supported this program with a grant of $30,000.

The Animal Rescue League of Philadelphia has awarded us an additional grant of $2,100 for equipment for the Intensive Care Unit in the Small Animal Hospital. The Robert H. Winn Foundation for Cat Research awarded $5,000 to Dr. David Knight's project on echocardiographic study of cardiomyopathy in cats. An additional grant of $5,000 from the Janet A. Hooker Charitable Trust will support continued research on kidney disease in the dog, and a gift of $1,000 from the Harrisburg (PA) Kennel Club will help equip a new hematology laboratory in the Veterinary Hospital.

Through the year, we receive many gifts from many canine and feline organizations. Most of these are for the Friends of the Small Animal Hospital, and the following clubs contributed to this fund in the year ending June 30th:

- Allentown Dog Training Club (PA)
- American International Border Collie Club
- American Bouvier des Flandres Club
- Anne Arundel Kennel Club (MD)
- Australian Terrier Club of America
