Penn Vet 125th Anniversary Research Symposium— “Animal Diseases in Translational Research”

*Penn Medicine, BRB Building II/III
Philadelphia, PA*

Symposium organizers: John H. Wolfe, VMD, PhD, professor and director, Walter Flato Goodman Center for Comparative Medical Genetics.

To honor our history during our 125th anniversary year, we are holding a celebratory research symposium to highlight contributions and focus on a bright future of research on animal diseases in biomedicine. Several distinguished external speakers are invited as well as Penn Vet faculty, who will present studies in animal diseases that have, or may, facilitate translation of basic studies to clinical application. The focus of the conference will be on naturally occurring animal diseases in the domestic animal species, including both captive and clinical populations. Translational research, interpreted broadly, can include any therapeutic strategy, such as transplantation, pharmacologic, recombinant protein, genetic, stem cell, surgical, engineering, synthetic, electronic, nano-technologies and other approaches, as well as understanding mechanisms of disease to provide new avenues for therapy. Talks will spotlight clinical diseases that can be studied to advance medicine for all species.

JULY 2009

Monday, July 13, 2009

AVMA Annual Convention

*Penn Vet Alumni Reception
Seattle, WA*

AUGUST 2009

Friday, August 14, 2009

Pennsylvania Veterinary Medical Association Keystone Veterinary Conference

*Reception
Hershey, PA*

SEPTEMBER 2009

September 24–27, 2009

The Robert M. Kenney Equine Reproduction Symposium (26 CE credits)

*Longwood Gardens and New Bolton Center
www.robertmkenneysymposium.com*

The Robert M. Kenney Symposium is a state-of-the-art continuing-education program for veterinary and animal science professionals and current students, reflecting Dr. Kenney’s broad interests and influence on the advancement of knowledge in equine reproduction. The program includes a two-day symposium with state-of-the-art review presentations and discussions followed by two days of wet labs, all presented by Dr. Kenney’s residents, graduate students, and colleagues. The program proceeds will benefit the Robert M. Kenney Opportunity Scholarship Endowment for support of veterinary students pursuing equine reproduction at Penn Vet.

OCTOBER 2009

Saturday, October 24, 2009

Parents & Partners Day

Philadelphia and New Bolton Center campuses

Orientation for families of first-year students.

NOVEMBER 2009

Monday, November 16, 2009

White Coat Ceremony

Zellerbach Theater, Annenberg Center, Philadelphia, PA

Friday, November 20, 2009

Rush Shippen Huidekoper Society Dinner

Philadelphia Campus

DECEMBER 2009

Monday, December 7, 2009

American Association of Equine Practitioners Annual Convention

*Penn Vet Alumni Reception
Las Vegas, NV*
